**Job Description:** Saskatoon head office has contacted me May 16, 2007 and asked me to provide a technician to travel to Danville LTTP site to replace a card and provide any assistance locally that head office techs might require.

**Work Completed:**

- Travelled to Danville.
- Contacted Ian Meyers in head office prior to my arrival and informed him that I would be onsite. He told me to replace the sensor interface card once on site and then call him
- I replaced the card upon arrival. The sensor interface card appeared to work immediately upon installation.
- I called Ian back. He dialed in, confirmed that the card was working properly and that the proper firmware had been installed. He told me I was no longer needed on site.
- I gave the cabinet a quick inspection. All connections were tight and cabinet was very clean.
